PRICING STRUCTURE CHANGES

We wish to inform our valued patients that we will be introducing a new tiered fee structure at the clinic.

From 16th November, 2026, consultations will be offered at two levels: senior osteopath and osteopath consultation.

Our senior osteopaths are those who have seven or more years of clinical experience and extensive training post graduation. The new structure recognises this and allows us to utilise their specialised skills, particularly for patients with more complex or specialised presentations. We also hope this will help reduce waiting times for appointments with our more experienced practitioners.

Our Senior Osteopathic Team will include; Matthew, Jeremy, Maddy and Merryn.

Consultation	Senior Osteopath	Osteopath
Initial Consultation	$150	$135
Ongoing Consultation	$120	$100
Initial Consultation – Concession	$145	$125
Ongoing Consultation – Concession	$100	$90
Initial Pelvic Health	$150	—
Ongoing Pelvic Health	$120	—

We sincerely appreciate your continued support and trust in our team. We look forward to continuing to provide you and your family with excellent osteopathic care.
